_Classe CE1 Marcel Pagnol:_

A girl goes into a candy shop.

- Hello. How much is it for a chocolate and a lollipop?

-  A chocolate costs 2 euros and a lollipop costs 4 euros.

- I would like 3 chocolates and 2 lollipops, please.

_How much will the girl pay in all?_

The girl gives 20 euros. _How much change will she get back?_

Results:

_3 x 2 + 2 x 4 = 14 euros_

_The girl will pay 14 euros._

_20 – 14 = 6 euros_

_She will get back 6 euros._
